

Data Operations Associate, fluent in Spanish

Description

At PitchBook, we are always looking forward. We continue to innovate, evolve, and invest in ourselves to bring out the best in everyone. We're deeply collaborative and thrive on the excitement, energy, and fun that reverberates throughout the company.

Our extensive learning programs and mentorship opportunities help us create a culture of curiosity that pushes us to always find new solutions and better ways of doing things. The combination of a rapidly evolving industry and our high ambitions means there's going to be some ambiguity along the way, but we excel when we challenge ourselves. We're willing to take risks, fail fast, and do it all over again in the pursuit of excellence.

If you have a good attitude and are willing to roll up your sleeves to get things done, PitchBook is the place for you.

About the Role:

At PitchBook, we believe that the Data Operations team plays a vital role in setting us apart from our competitors. We take immense pride in providing top-quality data to our customers, while also being accountable, collaborative, and receptive to feedback. Our team members are highly engaged, detail-oriented, and always eager to learn and grow as our industry evolves.

Our reputation for excellence is a direct result of our deep commitment to building the world's best private market database and we recognize the importance of investing in our team members from day one. That's why we offer specialized training and a mentorship program that is tailored specifically to the needs of the Data Operations team.

We value and celebrate the diverse perspectives, talents, and experiences of our team members and recognize the importance of building trust and strong cross-functional partnerships. If you're looking for a challenging and rewarding opportunity to take your career to new heights, we invite you to join us at PitchBook.

A Data Operations Associate at PitchBook is initially focused on becoming proficient in our in-house developed Research Tool Suite and our proprietary Primary outreach tools. Once proficient, they will be responsible for outreach via email and telephone to contacts at entities within one of PitchBook's core datasets. This will require the associate to create outreach strategies, create outreach batch and email templates, conduct email and phone call campaigns, and process client requests. The main objective of this role is to ensure PitchBook has the most accurate, comprehensive, and timely data available.

Primary Job Responsibilities:

- Become proficient in one of PitchBook's core data areas of operation,
