

Internal Audit Data Analytics Intern

Description

Internal Audit Data Analytics Intern

Role & team overview

In Group Internal Audit [GIA], we attract, develop, and retain engaged professionals through various assignments in a truly global organization. We maintain an open culture based on clear values, where your insights and opinions are welcome and matter, and where you can steer your career towards anywhere you dream of.

We are currently looking for an Intern who will support our Group Internal Audit team with their expertise.

What you'll be doing

- Working on several ERP applications, including SAP, among other different technologies.
- Supporting GIA in carrying out the Data Analytics Strategy
- Being part of the data analytics assignments globally across the 3 regions (Western Europe, Central Eastern Europe, and Asia)
- Providing insights to GIA Leadership Team and auditors by using data analytics
- Supporting GIA in managing IT resources, such as our GRC application and other internal tools/utilities
- Supporting design, developing, testing, and conducting automated audit tests
- Developing visualizations and dashboards using MS Power BI
- Understanding how an Internal Audit function operates.

We are looking for colleagues who:

- Enjoy the international environment and are team players
- Are open-minded, enthusiastic, and responsible
- Have proficiency in MS Office
- Speak English communicatively
- Have a teamwork approach

Carlsberg Group: Brewing for a better today and tomorrow

For us success has always been in the diverse mix of our people, our beers and our brands. At Carlsberg, we want to recruit and develop people with a global mindset, cultural understanding, and international experience to ensure that our organization stays agile, inclusive and prepared for future growth. Only by acknowledging and harvesting from different perspectives and experiences, will we gain competitive advantage and leverage the effect of diversity for business growth. Carlsberg aims to create equal access to opportunity regardless of social identity, and we encourage everyone to apply regardless of gender, nationality, race, religion or any other characteristics protected by law.

How the process will look like

Your teammates will gather all requirements within our organization. Then, once priority has been discussed, you will decide as a team on the best solutions and architecture to meet these needs. In continuous increments and continuous communication between the team and stakeholders, you're part of making data play an even more important (and understood) part withing Brand New Day.
