

## Data Analyst

### Description

### Company Description

Do you want to develop your career in an international company with a multicultural environment working with the biggest local and global organizations in FMCG? If so, SAM has the right opportunity for you!

We are the leading international sensory and consumer research company specializing in food, beverages, cosmetics, personal care, and other consumer products. We have 20 proprietary state-of-the-art facilities across France, Germany, Italy, Switzerland, Spain, United Kingdom, Morocco, China and the USA, and cover more than 65 countries through our network of approved partners.

SAM provides tailor-made solutions, delivering actionable guidelines to make our clients' brands and products memorable.

### **SAM is a great place to work.**

Join SAM to work with the most competent, creative, and fun team in the industry and let your work, opinions and ideas contribute to the future of sensory and consumer research.

Become your most extraordinary self with support and development throughout your career.

### **Best in class**

Join our very diverse team of sensory scientists, food technologists, statisticians, psychologists, sociologists, strategic thinkers, marketeers, field managers, technicians and other sensory and research experienced colleagues.

### **We're proud to be part of the Eurofins Group**

World-leader in Testing for Life. With about 61 000 employees, Eurofins is a global leader in testing services and over the last 20 years has been one of the fastest growing companies in the world, thanks to its innovation in technology and service.

### **Job Description**

Working with the other analysts, you will be responsible for analysing the results of consumer research and writing research reports.

Your tasks will include:

- Programming study questionnaires in our software
- Validation of raw project data
- Statistical processing of data
- Analysing and formatting the results
- Updating and complying with quality assurance (drafting procedures, etc.) in close collaboration with the team manager
