

Data Analyst

Description

About the Team

The Data Management & Insights (DMI) team's mission is to make data accessible to internal clients without any barriers by transforming unstructured datasets to standardized formats. We are dynamic squad of 6 data professionals, ready to resolve all data related puzzles. By tackling any data challenges and creating rapid insights, we bring clarity to Life & Health Reinsurance in current data-driven world.

About the Role

In this role you will have following responsibilities:

- Analyze client policy and claims data, underlying product and treaty wording,
- Code the data into a standardized format using VBA and load the data to Swiss Re systems,
- Create insights on data using various type of technology (e.g. PowerBI, Power Query, etc.),
- Collaborate with both internal and external clients on data related topics.

About You

Nobody is perfect and meets 100% of our requirements. If you, however, meet some of the criteria below and are curious about the world of data analysis, we'll be more than happy to meet you!

Essentials:

- Analytical thinking with interest in information systems, reports and data,
- Proficient level on Microsoft Office (Excel, Word and PowerPoint),

About Swiss Re

Swiss Re is one of the world's leading providers of reinsurance, insurance and other forms of insurance-based risk transfer, working to make the world more resilient. We anticipate and manage a wide variety of risks, from natural catastrophes and climate change to cybercrime. Combining experience with creative thinking and cutting-edge expertise, we create new opportunities and solutions for our clients. This is possible thanks to the collaboration of more than 14,000 employees across the world.

Our success depends on our ability to build an inclusive culture encouraging fresh perspectives and innovative thinking. We embrace a workplace where everyone has equal opportunities to thrive and develop professionally regardless of their age, gender, race, ethnicity, gender identity and/or expression, sexual orientation, physical or mental ability, skillset, thought or other characteristics. In our inclusive and flexible environment everyone can bring their authentic selves to work and their passion for sustainability.
